Current Trends in Nursing Practice and Pharmacology

**Saturday, April 1, 2017
at**

Michael E. DeBakey
VA Medical Center
2002 Holcombe Blvd
Houston, TX 77030-4298

Seminar Description

This outstanding program will highlight important topics of interest for all nurses. This year's theme will focus on Current trends in Nursing Practice and Pharmacology. The conference is committed to presenting topics of interest that are current, up to date, and supported by solid scientific evidence.

Seminar Objectives

Upon completion of this program, the learner will be able to:

1. Examine current trends in nursing practice that influence care delivery and patient outcomes.
2. Apply scientific research and evidence based practice to improve patient care process and nursing practice.
3. Discuss current trends in clinical pharmacology.
4. Develop a network of professional colleagues for the exchange of knowledge.
